About us

SPECIFIC CERAMICS LIMITED

Specific Ceramics Ltd a leading manufacturer of Ceramic, Floor & Vitrified Floor Tiles in India Having a Brand name of DURATO, having successful track record of over Two Decades to its credit, Employing the latest International Technology & Fully Automated, Single Fired State-of-Art Plant & Machinery of Italy offering World Class Ceramic, Vitrified Tiles of Unmatched Quality. At SCL, "Quality" is not just a Statement but also the way of life. With our expansion plans we Have added technological excellence to our credit by establishing various Tiles Plants with increased Capacities. We manufacture our tiles under ISO 14001:2005 quality control systems to make each tile Meet the international Standards.

Needless to say, to deliver what we commit, we use the best combination of high quality, high grade raw material imported from the best sources world over. The company's culture has become pervading that it has become integrated in every aspect of SCL's ethos and has resolutely and aggressively paved the way in to the future. A full-fledged team of dedicated professional-qualified, versatile and committed supports its Exacting standards of excellence. With ongoing training, R&D and human resource development, the company continuously strives to bring international quality consistently surpassing itself and always reaching a higher peak. We Believe Integrity in business means honestly caring about giving customers the best of Product Quality, Values For Money and Services. Focus, Synergy and Commitment has the Inspiration and the Driving Force in SCL's Relentless march.

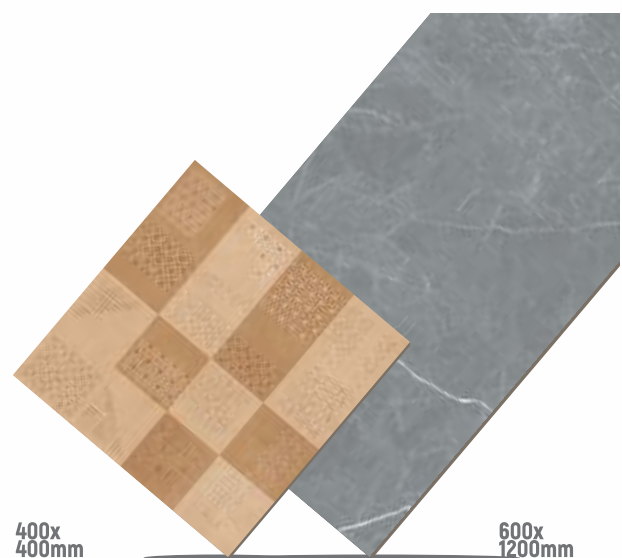

SCL in the Short Span has a 6 Offices Across the India .The company has its Headquarter in Ahmadabad and Branch Offices Bangalore, Delhi, Calicut, Coimbatore, Vijaywada & Hubli...

All the Brands from SCL enjoy the patronage of the Best in the Building industry & best of Architects. SCL has a PAN Indian Presence with Well Structured channel Management Handled by efficient Field staff.

Applications

DURATO is highly recommended as a floor surface for all types of industries, particular in those that require anti acidic surfaces, which are easy to clean, anti-slip and resistant to heavy traffic. In order words, location with high hygienic-sanitary requirements such as :

- Food industries (areas for preparation, defrosting, meat preparation, wine production, fish preparation, lactate products, pasta, sugar, fruit, juice, mayonnaise etc.)
- Chemical and Industrial Laboratories.
- Hotel & Restaurants, Kitchen & Laundries etc.
- Super Markets, Wine cellars and Dry cleaning facilities.
- Sports Facilities : Dressing room, Pool area, Weight room, Steam room,
- Swimming pool, Storage area etc.
- Textiles and Dairy Industries.
- Petrochemical Industries and Dyes Chemical Industries.
- Effluent Treatment Plant (EPT).

Best used at Driveways, Path ways, Pool side, Pavements, Roof tops & Industrial flooring for heavy duty and Acid & Alkali resistant floors.
